## **WESTMADE LTD – TWK Scaffolding Letter of Recommendation**

To whom it may concern,

I am writing to provide a letter of recommendation for TWK Scaffolding, a scaffolding contractor I have had the pleasure of working with on several projects over the past few years. As a Contracts Manager at Westmade Ltd, I have worked closely with TWK Scaffolding on several of our sites, and I am pleased to offer my full endorsement of their services.

Throughout our working relationship, TWK Scaffolding has consistently demonstrated an exemplary level of professionalism and expertise. Their commitment to health and safety is one of their most notable strengths. They maintain a rigorous approach to site safety, ensuring that scaffolding is erected and maintained to the highest standards, in line with all relevant regulations. On multiple occasions, their team has provided invaluable input on safety measures, helping us to mitigate potential risks and maintain a safe working environment for all parties involved.

Additionally, their weekly scaffolding inspections are thorough and meticulous. TWK's inspection reports are always detailed, clear, and completed in a timely manner, which has allowed us to promptly address any issues or maintenance needs. Their attention to detail in this area has significantly contributed to the smooth operation of our projects.

Furthermore, I have always found the administrative and support team at TWK to be extremely helpful and responsive. Whether we need guidance on compliance matters, technical advice, or assistance with scheduling, their office staff has been consistently accessible and ready to assist. This level of support has been invaluable in helping us keep projects on track and resolve any issues swiftly.

Given our positive experience working with TWK Scaffolding, I am confident that they will be an asset to your team on any projects you undertake. I highly recommend them for any scaffolding requirements you may have, and I am sure they will deliver the same high standard of service that they have consistently provided to us.

Please feel free to contact me if you would like any further details or to discuss my experiences with TWK Scaffolding.

Sincerely,  
Blake Lennan MCIOB
